SKILLS

Technical Skills:

Languages: C++, JavaScript, TypeScript

Technologies/Frameworks: HTML5, CSS3, React.js, Node.js, Express.js, Bootstrap, Tailwind CSS, GSAP, Artificial Intelligence

Developer and Design Tools/Databases: VS Code, Cursor, Vercel, MongoDB, Supabase, API Integration, Redux Toolkit (RTK), Figma, Render, Railway

Testing Skills: Alpha Testing, UAT (User Acceptance Testing)

Soft Skills:

Problem-Solving, Effective Communication, Team Collaboration, Time Management, Adaptability, Leadership, Presentation Skills

PROJECTS

Proven Code's PDF Generator ⎘ | React.js, Redux Toolkit(RTK), MongoDB, Node.js, Express.js **2025**

- Built a secure medical reporting system using React and Node.js with structured patient data entry, lab inputs, questionnaires, and automated PDF generation.
- Implemented JWT authentication and role-based access controls to protect sensitive medical data across the full-stack workflow.
- Delivered a production-ready solution adopted by Proven Code (UK) for their Biome360 Health Check, used by 10,000+ individuals worldwide for microbiome screening.

Sports Management System ⎘ | Typescript, React.js, SupaBase, Node.js, Redux ToolKit(RTK) **2024**

- Developed a responsive sports event platform where users can explore schedules, team info, and program details using a scalable React + TypeScript architecture.
- Built a scalable sports management system using React + TypeScript with secure role-based dashboards and real-time data handling via Supabase.

EXPERIENCE

DR DESIGN PRIVATE LIMITED   **October 2025 – Present**
UI/UX and MERN Developer   *On-site (Full-time)*

- Contributed to full-stack development for real-world client projects, including **Indian Railways** and **KaroFlight**, focusing on scalable frontend–backend integration, UI/UX improvements, and production-level deployments.

EVON TECHNOLOGIES   **June 2024 – October 2025**
Full-stack Developer   *On-site (Full-time)*

- Completed structured web development projects, strengthening core skills in both backend and frontend technologies.

PEARL ORGANISATION   **June 2023 – May 2024**
Frontend Developer   *On-site (Full-time)*

- Enhanced my skills in web development projects, strengthening core skills in Frontend technologies.

EDUCATION

Graphic Era Hill University, Dehradun   **2019 – 2023**
B.Tech - Computer Science and Engineering   *Dehradun, Uttarakhand*

D.A.V. Public School, Kotdwara   **2018 – 2019**
Intermediate (PCM)   *Kotdwara, Uttarakhand*
